General Policy to manage the pet housing in Hotel Vall de Núria to ensure the best experience and environment for all the guests.

- We have specific rooms intended to house the guests staying with their pets.
- It's only allowed one dog each room. In case of two dogs, you should ask for disponibility to assign the best room possible.
- We just admit dogs (no weight limitation); cats, birds, rodents, reptiles or any other species are not allowed.
- We charge 15€/night to cover the cleaning expenses.
- The pet's owner has to compromise to keep the best hygiene and sanitary conditions.
- The pet is only allowed to remain alone in the room during the dinner. During this time the owner will put the sign "Do not disturb" to let the staff know that they can't open the room's door. The owner should give the phone number to the reception in case of emergency (like if the dog howls or cries) to avoid disturbing other guests. The owner is going to pay the expenses in case of damages in the room. **However, it is not recommended to leave the pet alone.**
